Park Reservations

- To help manage park capacity, the Walt Disney World Resort uses the Disney Park Pass service for theme park reservations. To make theme park reservations, you will need a My Disney Experiences account and valid theme park admission linked to it.
- After paying in full, expect an ICU Registration email with a ticket confirmation order number within 7-10 business days. Create a My Disney Experience account, then choose dates and theme parks for your visit. Remember, both a reservation and valid admission for the same park on the same date are necessary for park entry.
- Reservations are limited in capacity, subject to availability and are not guaranteed until confirmed.
- Park availability is limited and the ICU cannot assist with park reservations.
- Walt Disney World visitors may hop from park to park with no time restrictions. All-day park hopping access is back, allowing guests with valid park hopper tickets to freely visit any of its four theme parks at any time during normal operation hours. However, you still need a theme park reservation for the first park you plan to visit. Once you've visited that park, you can hop to another park anytime during the day without needing an additional reservation.
- IMPORTANT NOTE: The reselling or the transferring of theme park tickets in the state of Florida is a crime as described under Florida state laws; *Florida Statutes s. 817.361* and *Florida Statutes s. 817.36*.

Safety Champion

- Each team, whether on a hotel travel package or commuter package, MUST designate one person (other than the head coach) to be the Safety Champion. This person must be at least 18 years of age and willing to participate in additional safety training from the Walt Disney World Resort prior to the event. A National Federation bringing multiple teams must designate a different individual for each team.
- Each Safety Champion will be confirmed upon registration in Orlando. Their responsibilities will include (but are not limited to) ensuring the team's athletes, coaches and spectators follow the health and safety requirements for the event.
